25X1	Hq USAFFART, as amended 2 May 1950) be called to extended active duty on full pay and assigned to this	
25X1	Agency. Colonel ervices are desired by the Office of Policy Coordination in connection with a program of considerable importance and urgency which has been originated by OPC but which

	2. I am informed that Colonel has been earmarked by the Army to work with a project which is now in the planning stage at CCAFF. However, I am told that he will not be needed in this assignment for several months. If he is detailed to CIA and the Department of the Army later feels that CCAFF's requirements for his services should receive priority, we will interpose no objection to his recall.	25X
	3. If desired by the Department of the Army, CIA will reimburse the Department for any costs involved in Colonel Booth's assignment to this Agency.
